

NSNA – RELIGION AND CULTURE COMMITTEE PRESENTS 9 NAGARA TEMPLES DOCUMENTARY

How can we teach our childrens and future generations about our Nagara temples if we ourselves are not aware about them? It is really essential that we know about our temple to understand our heritage and culture and educate our childrens. As the number of people who are knowledgeable about the 9 temples is decreasing, it is important to document the information before we lose it.

Please support NSNA – Religion and Culture Committee's effort in achieving this. We want everyone's participation in this project. Even if people from each Nagara temple can give a minimum of \$25 for their temple, we can achieve this. In this way you, you can also be part of this historical project and you will get a copy for yourself about your temple.

If you have any questions please send it to nsnareligious@achi.org

TEMPLE HISTORY

- . When was the temple built?
- . How was this temple formed?
- . What are the main deities of this temple?
- . What is the significance of this temple?
